Stones River Greenway

Tennessee

Stones River Greenway is one of many forming Nashville's system of greenways throughout the city. Nashville's greenways link

Stones River Greenway is one of many forming Nashville's system of greenways throughout the city. Nashville's greenways link neighborhoods, schools, shopping areas, the downtown area, offices, recreation areas, open spaces and other points of interest.

The Stones River Greenway is a 10-mile, multi-use trail that runs from the Cumberland River to the J. Percy Priest Reservoir at Nashville Shores. Much of the trail runs parallel to Stones River and provides access to a number of communities and parks along the way, including the skate park at Two Rivers Park. The Stones River Greenway also connects to the [Shelby Bottoms Greenway](#) at the Cumberland River by the dam.

Stones River Greenway

Tennessee
