Lake Shawnee opened in 1939 as a project of the Works Progress Administration and has been providing the residents and visitors of Topeka with a host of recreational opportunities since that time. A recent addition to the lake area, the encircling Lake Shawnee Trail offers great views of the scenic lake and non-motorized access to all the surrounding amenities.

These amenities include a campground, golf course, swimming beach, playgrounds, fishing areas, tennis and volleyball courts and softball diamonds.

Lake Shawnee Trail

Kansas
