Johnny Cash Trail

California

The Johnny Cash Trail skirts the Folsom State Prison, which Cash sang about in his well-known 1955 song "Folsom Prison Blues." The

An upcoming phase of the trail will extend it southwest to the Historic Truss Bridge, a bike and pedestrian crossing over the American River that dates back to 1893. Another extension will head northeast to Green Valley Road at the El Dorado County line. The trail will also feature a 40-foot statue of Cash, public art and a small trailside park in the future.

From E. Natoma Street, pick up the [Oak Parkway Trail](#) to reach residential neighborhoods to the east via an overhead electric utility corridor.

The Johnny Cash Trail skirts the Folsom State Prison, which Cash sang about in his well-known 1955 song "Folsom Prison Blues." The trail—formerly known as the Folsom Lake Trail due to its position at the south end of the lake—was renamed in honor of the late country music legend and is sometimes referred to as the Johnny Cash Folsom Prison Blues Trail.

The trail includes an unusual bike and pedestrian bridge over Folsom Lake Crossing (a roadway) that was designed to look like guard towers from the prison.

For a longer ride, trail-goers can connect to the [American River Bike Trail](#) on the west end of the Johnny Cash Trail, where it crosses over the American River.

Johnny Cash Trail

California

States: California

Counties: Sacramento

Length: 3.2miles

Trail end points: Greenback Ln (Folsom Powerhouse State Historic Park) to American River Bike Trail at Folsom Lake Crossing
