Washburn Discovery Trail

North Dakota

Washburn Discovery Trail

North Dakota

The Washburn Discovery Trail is part of the Lewis and Clark National Historic Trail and begins at North Dakota's Lewis & Clark

The Washburn Discovery Trail is part of the Lewis and Clark National Historic Trail and begins at North Dakota's Lewis & Clark Interpretive Center. From there, the paved pathway heads toward the Missouri River and winds along its tree-lined bank, ending at Riverside Park, where you'll find the historical Sioux Ferry, once a stop for riverboats traveling from St. Louis, Missouri.

On its eastern end, a short portion of the trail parallels an active railroad, a scenario known as [rail-with-trail](#), hence its rail-trail designation.

Washburn Discovery Trail

North Dakota

States: North Dakota
